Mask policy

In accordance with University-wide policy, individuals in a classroom or other indoor instructional spaces are required to wear masks. In the event that a student does not wear a mask in the classroom or indoor instructional spaces, the faculty member will ask the student to put on a mask. If the student does not comply, the student will be dismissed from the class.

Infractions relating to failure to comply with the requirement to wear a mask may be addressed through the Code of Conduct, available at https://operations.adelphi.edu/catalog/conduct/.

More information about masks, distancing and safety guidelines is available at https://www.adelphi.edu/restart/distancing-hygiene-guidelines/.

Food Consumption in Class

Individuals in a classroom will not be permitted to consume food or drink a beverage unless they have an approved accommodation requiring the ability to eat during class sessions. Such accommodations must be approved through the Student Access Office in the normal fashion.

Social Distancing

Classrooms have been equipped to allow for 6 ft social distancing with the exception of certain lab and studio spaces that have separate, established protocols your instructor will discuss with you. As you move about the classroom, be mindful of maintaining 6ft of distance (about two arms’ lengths) from other people at all times. Classroom furniture is laid out to accommodate social distancing; do not make adjustments unless asked to do so by the faculty member.

Dance Class Partnering

Students are only permitted to dance with the partner they registered with for this class. Partner rotation will not be allowed for the entirety of this class. This is to further ensure the safety of all class participants.
